## Partnership

### Sino Community Art Project

Our Tai Hang Tung Nursery School participated in the Community Art Project held by Sino Group from November 2015 to January 2016. The project aimed at cultivating children's interests in arts through various arts media. In early November, children and teachers would discuss themes for rooftop fresco and created by the children based on the themes and stories. Volunteers of the group and artists drew the themes and stories of the fresco in mid December.

Furthermore, extended workshops on frescos were held from 19 to 26 January 2016 by a team consisted of members of the Group, artist and photographer. Through creation of animal masks with the addition of music element, the children got more inspiration and thoughts on fresco designs.

Role play using animal masks made by children and artists

Children are so excited when they created their unique animal masks.
