Healthy Seeds Parenting

Our Healthy Seed Parenting is the first parenting website in Hong Kong to provide professional information integrated into daily life. We have professionals like pediatrics, educational psychologist, speech therapist, occupational therapist, physiotherapist, social workers, child care workers, nurse and nutritionist to provide parenting information to parents, such as tips on healthcare, child rearing, growth and development, discipline and parenting. The website got over 300,000 page view since launch. There are many unique features in the website, you are welcome to visit: www.healthyseed-parenting.org.
