Partnership with ASM Genuine happiness during festivals

Our Kwun Tong Happy Teens Club and ASM Pacific Technology Limited jointly organised two activities in January and February for grassroots children in Shun Lee districts. Activities included making festive decorations and rice dumplings, games and giving out presents. It was such a happy day that both the children and volunteers were looking forward to the next festive occasion.

We have always valued collaboration with corporates and other organisations such as volunteering, joint projects, sponsorships, job/training opportunities and other professional collaborations. We hope through these kinds of joint efforts in terms of expertise and other resources, we could strengthen our service to serve those who are in need.

Please call 2731 6362 for enquiries on volunteering or other kinds of partnership.
