## Partnership

### Bringing warmth in the winter

Several of our partners visited seniors from September to December in 2016, bringing them warmth and blessings. Not only did corporates donate money and resources, they also brought gifts for the seniors during their visits. Corporate volunteers showed their concern and listened to stories of the seniors. The gifts to the seniors were very useful especially in the winter. There were thermos flasks, down quilts, beddings, blood pressure monitors and bags of food, etc.

We especially thank the following partners (in alphabetically order):

- Global Education Alliance Limited
- Goodwill Management Limited
- Hong Kong Wing Ming Medical Ltd
- Rentokil
- Rock Trading Company Limited
- Standard Chartered Bank (Hong Kong) Limited
- Tai Yau Storage Group Limited
- Vega Technology Limited

Children were making thank you card
